Education

•Indian Institute of Information Technology, Guwahati *2025-2027*
M.Tech / CSE CGPA: 7.8

•Sathyabama University, Chennai *2017-2021*
B.Tech / CSE CGPA: 8.76

Experience

•Hireginie Talent Cloud Pvt Ltd *Dec 2025 – Jan 2026*
Founder's Office Intern – Strategy & Growth Remote

- Working closely with the founder on **business strategy, growth initiatives, and operational planning** in a fast-paced startup environment.
- Assisting in **analyzing client and market data** to support pricing decisions, growth strategy, and business expansion initiatives.
- Supporting **financial operations and reporting** through expense tracking, reconciliations, and structured documentation.
- Helping build **presentations, reports, and dashboards** to support internal reviews and strategic decision-making.
- Gaining hands-on exposure to **startup finance, analytics, and cross-functional decision-making** by shadowing leadership discussions.

Projects

•Digital Banking Transaction Platform *2026 – present*
Full Stack Web Application (MERN Stack)

- Developed a **secure banking application** enabling users to perform fund transfers and manage accounts.
- Implemented **role-based authentication (Customer/Admin)** using JWT and Node.js middleware.
- Built RESTful APIs using **Express.js** for account management, transaction history, and balance tracking.
- Designed transaction workflows ensuring **data consistency and integrity** using MongoDB.
- Created a responsive frontend using **React.js** with secure API integration and form validation.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, JWT

•Public Grievance Redressal Portal *2025*
Full Stack Web Application (MERN Stack)

- Developed a **complaint management system** allowing users to register and track grievances.
- Implemented **role-based access control (User/Admin)** with JWT authentication.
- Built REST APIs using **Node.js and Express.js** for complaint submission, status updates, and department assignment.
- Designed database schemas and handled data operations using **MongoDB**.
- Created responsive UI using **React.js** for form handling and real-time status tracking.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, JWT

•Sarthi – IIITG Campus Connect *2025*
Full Stack Web Application (MERN Stack)

- Built a responsive SPA using **React.js (Vite)** for campus community interactions.
- Implemented **Google OAuth authentication** with role-based user flows.
- Developed ride-sharing and marketplace modules with **real-time updates**.
- Integrated **real-time chat and notifications using Socket.IO**.
- Optimized frontend performance using modular architecture and efficient API handling.
- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Socket.IO

•Placement Record Management System *2026 – present*
Backend Web Application (Node.js)

- Developed a backend system to manage **student placement records and company data**.
- Implemented CRUD operations using **Node.js and Express.js**.
- Designed REST APIs for student records, company listings, and placement tracking.
- Ensured **data validation and consistency** using MongoDB schemas.
- **Tech Stack:** Node.js, Express.js, MySQL

Technical Skills

Languages: JavaScript (ES6+), Java, C

Frontend Development: React.js, HTML5, CSS3, Responsive Design, Vite

Backend Development: Node.js, Express.js, REST API Design, JWT Authentication

Database: MongoDB, Mongoose, Database Schema Design

Full Stack (MERN): MongoDB, Express.js, React.js, Node.js

Authentication & Security: JWT, Role-Based Access Control (RBAC), API Security (Basics)

Tools & Platforms: Git, GitHub, Postman, Docker (Basic)

Other Concepts: Data Structures & Algorithms (Basics), OOP, Asynchronous Programming

Soft Skills

Strong problem-solving ability with a focus on **debugging and optimizing code**

Analytical thinking for identifying and resolving **application-level issues**

Ability to **write clean, maintainable code** and follow best practices

Clear communication for explaining **technical concepts and implementation details**

Attention to detail in **frontend design, backend logic, and API integration**

Quick learner with adaptability to **new technologies and frameworks**

Team collaboration and experience working in **agile development environments**

Positions of Responsibility

•**Placement Coordinator,** Placement Working Committee, IIIT Guwahati *2026 – Present*

•**Vice President,** Microsoft Campus Club, Sathyabama University, Chennai *2019 – 2021*
